

# ART HISTORY RESEARCH

## Fact Sheet

**Objective:** You will research and create a Fact Sheet based on a movement/era in art history.

Consider using a **graphic organizer** to present your information. Explore the main facts/key ideas of your movement, along with names of artists that were instrumental and influential during that time.

**Your Fact Sheet must have the following:**

1. Timeframe - When did that movement occur?
2. How long did it last for?
3. Where (in the world) was it most popular?
4. What are 5 researched information and distinct characteristics of that movement (styles, influences, identifiable traits, etc.)?
5. What was happening in the world and society leading up to your chosen movement? Interpret how factors of time and place (climate, politics, society, technology, etc) influenced the artwork & artists of your movement.
6. Who were the most influential artists of that movement; provide visuals of their work and identify how they are exemplary of that era/movement.
7. What was the contribution of that movement to the art movement(s) that followed? ie: how did it influence the art world afterwards?
8. Provide at least 3 visuals / photos of artwork that best exemplify that art movement/era.

**HAVE FUN!!!**
